December 31, 2014

Dear Shareholder:

I invite you to attend our Annual Meeting of Shareholders ("Annual Meeting"), which will be held on Wednesday, February 4, 2015, at 10:00 a.m. at The River Club, Ortega Room, on the 34th floor of the Wells Fargo Building, One Independent Drive, Jacksonville, Florida.

Earlier this year, we announced plans to separate into two independent publicly traded companies: our real estate businesses, FRP Holdings, Inc. (which we refer to as "FRP"), and our transportation business, Patriot Transportation Holding, Inc. (which we refer to as "New Patriot"), to be effected through an internal reorganization followed by a pro rata share distribution of the common stock of the Company to our shareholders. On December 3, 2014, we completed the internal reorganization. As a result of the reorganization, FRP has become the new parent company and the successor public company to Patriot Transportation Holding, Inc.

The distribution of New Patriot common stock to our shareholders is scheduled to occur on January 31, 2015 to holders of record on January 9, 2015. As a result, the matters to be acted upon at our 2015 Annual Meeting of Shareholders (the "Annual Meeting") will relate only to FRP. The Company will hold an annual meeting of shareholders in early 2016. At our Annual Meeting, we would be delighted to answer any questions you may have regarding the separation of the businesses.

Details regarding the business to be conducted at the meeting are described in the accompanying Notice of Annual Meeting of Shareholders and Proxy Statement. At the meeting, I will report on the Company's operations and plans. We also will leave time for your questions.

We hope that you are able to attend the meeting. Whether or not you plan to attend, it is important that your shares be represented and voted at the meeting. Therefore, I urge you to promptly vote and submit your proxy by signing, dating and returning the enclosed proxy card in the enclosed envelope. If you are a shareholder of record and you decide to attend the Annual Meeting, you will be able to vote in person, even if you previously have submitted your proxy.

Thank you for your ongoing support of FRP Holdings, Inc.

Sincerely,

A handwritten signature in black ink, appearing to read "J. S. Beha". The signature is fluid and cursive, written over a light blue horizontal line.

This Proxy Statement and Proxy Card are being distributed on or about December 31, 2014.

PROXY STATEMENT

The Board of Directors (the “Board”) of FRP Holdings, Inc. (“FRP”, “we”, “us”, “our” or the “Company”) is soliciting proxies for the Annual Meeting of Shareholders. You are receiving a proxy statement because you own shares of FRP common stock that entitle you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. The proxy statement describes the matters we would like you to vote on and provides information on those matters so you can make an informed decision.

The information included in this proxy statement relates to proposals to be voted on at the meeting, voting process, compensation of directors and our most highly paid officers, and other required information.

Purpose of the Annual Meeting

The purpose of the Annual Meeting is to elect as directors the seven nominees named in this proxy statement, to ratify the Audit Committee’s selection of the independent registered public accounting firm, to approve the Amended and Restated Articles of Incorporation, to hold an advisory vote on executive compensation, and to conduct such other business as may properly come before the Annual Meeting.

Annual Meeting Admission

You are invited to attend the meeting in person. The meeting will be held at 10:00 a.m. on Wednesday, February 4, 2015 at The River Club, Ortega Room, on the 34th floor of the Wells Fargo Building, One Independent Drive, Jacksonville, Florida.

We reserve the right to require proof of ownership of FRP stock, as well as a form of personal photo identification, in order for you to be admitted to the meeting. If your shares are held in the name of a bank, broker or other holder of record, you must bring a brokerage statement or other proof of ownership with you to the meeting. No cameras, recording equipment, electronic devices, large bags, briefcases, or packages will be permitted in the meeting.

We reserve the right to adopt other rules and to implement additional security measures for the meeting.

Quorum

A quorum is the minimum number of shares required to hold a meeting. A majority of the outstanding shares of our common stock must be represented in person or by proxy at the meeting to establish a quorum. Both abstentions and broker non-votes are counted as present for determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has not voted. Thus, broker non-votes will not affect the outcome of any of the matters to be voted on at the Annual Meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Shareholders Entitled to Vote

Each share of our common stock outstanding as of the close of business on December 10, 2014, the record date, is entitled to one vote at the Annual Meeting on each matter properly brought before the meeting. As of that date, there were 9,716,995 shares of common stock issued and outstanding.

Many FRP shareholders hold their shares through a stockbroker, bank, trustee, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

- **SHAREHOLDER OF RECORD** – If your shares are registered directly in your name with FRP’s Transfer Agent, American Stock Transfer & Trust Company, you are considered the shareholder of record of those shares and these proxy materials are being sent directly to you by FRP. As the shareholder of record, you have the right to grant your voting proxy directly to FRP or to vote in person at the meeting.

- **BENEFICIAL OWNER** – If your shares are held in a stock brokerage account, by a bank, trustee, or other nominee, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker, trustee, or nominee who is considered the shareholder of record of those shares. As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote and are also invited to attend the meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the meeting. Your broker, trustee, or nominee is obligated to provide you with a voting instruction card for you to use.
- **PROFIT SHARING PLAN AND TRUST** – If your shares are held in your account in the FRP Holdings, Inc. Profit Sharing and Deferred Earnings Plan (the “Profit Sharing Plan”), you are considered the beneficial owner of these shares and the trustee of the plan is the shareholder of record. Participants in the Profit Sharing Plan may direct the trustee how to vote the shares allocated to their account by following the voting instructions contained on the proxy card. If voting instructions are not received for shares in the Profit Sharing Plan, those shares will be voted in the same proportion as the shares in such plan for which voting instructions are received.

Proposals You Are Asked to Vote On and the Board’s Voting Recommendations

At the Annual Meeting, the shareholders will vote on whether to elect the seven director nominees named in this proxy statement to serve as directors until the next annual meeting of shareholders. Our Board recommends that you vote “FOR” each nominee of the Board.

The shareholders also will vote on the proposal to ratify the Audit Committee’s selection of the Independent Registered Public Accounting Firm. Our Board recommends that you vote “FOR” ratification.

Additionally, shareholders will vote on three proposals to amend the Company's Articles of Incorporation. Proposals No. 3, 4, and 5 propose, respectively, to (i) declassify the board of directors, (ii) remove the supermajority vote required for the approval of certain affiliated transactions, and (iii) delete or modify miscellaneous provisions of the Company's existing articles of incorporation.

The shareholders also will make a non-binding advisory vote on whether to approve the compensation of the named executive officers as described in this proxy statement. Our Board recommends that you vote “FOR” approval of the proposed executive compensation.

Other than the proposals described in this proxy statement, the Board is not aware of any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy, any of the persons named as proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If any of our nominees are unavailable as a candidate for director, the persons named as proxy holders will vote your proxy for another candidate or candidates as may be nominated by the Board of Directors.

Required Vote

The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes cast at the meeting. This means that the director nominee with the most votes for a particular slot is elected for that slot. Votes withheld from one or more director nominees will have no effect on the election of any director from whom votes are withheld.

Proposals No. 3, and 4, which seek approval of amendment of our existing articles of incorporation (“Existing Articles”) to declassify our board of directors and delete the provision requiring supermajority approval of certain transactions with affiliates, require the affirmative vote of 75% of the shares entitled to vote thereon for the approval of an amendment.

All other proposals will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against the proposal.

If you are a beneficial owner and do not provide the shareholder of record with voting instructions, your shares may constitute “broker non-votes.” A “broker non-vote” occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have

discretionary voting power under New York Stock Exchange (“NYSE”) rules and has not received instructions from the beneficial owner. If you are a beneficial owner, your bank, broker or other holder of record is permitted under NYSE rules to vote your shares on the ratification of our independent registered public accounting firm even if the record holder does not receive voting instructions from you. The record holder may not vote on the election of directors or on the advisory proposal regarding executive compensation without voting instructions from you, however. Without your voting instructions on these matters, a broker non-vote will occur. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes will not be included in vote totals and will have no effect on the outcome of any vote.

Voting Methods

If you hold shares directly as the shareholder of record, you may vote by granting a proxy or, if you hold shares beneficially in street name, by submitting voting instructions to your broker or nominee. If you own shares beneficially as a participant in the Profit Sharing Plan, you may vote by submitting voting instructions to the trustee. Please refer to the summary instructions included on your proxy card or, for shares held in street name, the voting instructions card included by your broker or nominee.

Changing Your Vote

You may change your proxy instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may accomplish this by granting a new proxy or by voting in person at the Annual Meeting. For shares held beneficially by you, you may change your vote by submitting new voting instructions to your broker or nominee.

Counting the Vote

In the election of directors, you may vote “FOR” all of the nominees or your vote may be “WITHHELD” from one or more of the nominees. For the other proposals, you may vote “FOR,” “AGAINST,” or “ABSTAIN.” If you are a shareholder of record and you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. Shares held in your account in the Profit Sharing Plan will be voted by the trustee as described in *Shareholders Entitled to Vote* on page 2.

Results of the Vote

We will announce preliminary voting results at the meeting and publish final results in a Current Report on Form 8-K within four (4) business days following the meeting.

Delivery of Proxy Materials

This Notice of Annual Meeting and Proxy Statement and the 2014 Annual Report are available on our website at www.frpholdings.com under *Investor Relations*. Instead of receiving future copies of our Proxy Statement and accompanying materials by mail, beneficial owners may be able to receive copies of these documents electronically. Please check the information provided in the proxy materials sent to you by your bank or other holder of record regarding the availability of this service.

Householding

Securities and Exchange Commission rules now allow us to deliver a single copy of an annual report and proxy statement to any household at which two or more shareholders reside, if we believe the shareholders are members of the same family. This rule benefits both you and the Company. We believe it eliminates irritating duplicate mailings that shareholders living at the same address receive and it reduces our printing and mailing costs. This rule applies to any annual reports, proxy statements, proxy statements combined with a prospectus, or information statements. Each shareholder will continue to receive a separate proxy card or voting instruction card.

Your household may have received a single set of proxy materials this year. If you prefer to receive your own copy now or in future years, please request a duplicate set by contacting John D. Milton, Jr. at (904) 858-9100 or by mail at 200 W. Forsyth Street, 7th Floor, Jacksonville, Florida 32202.

If a broker or other nominee holds your shares, you may continue to receive some duplicate mailings. Certain brokers will eliminate duplicate account mailings by allowing shareholders to consent to such elimination, or through implied consent if a shareholder does not request continuation of duplicate mailings. Since not all brokers and nominees may offer shareholders the opportunity this year to eliminate duplicate mailings, you may need to contact your broker or nominee directly to discontinue duplicate mailings from your broker to your household.

List of Shareholders

The names of shareholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the meeting for any purpose germane to the meeting, between the hours of 9:00 a.m. and 4:00 p.m., at our principal executive offices at 200 W. Forsyth Street, 7th Floor, Jacksonville, Florida, by contacting the Secretary of the Company.

Cost of Proxy Solicitation

FRP will pay for the cost of preparing, assembling, printing, mailing, and distributing these proxy materials. In addition to mailing these proxy materials, the solicitation of proxies or votes may be made in person, by telephone, or by electronic communication by our directors, officers, and employees, who do not receive any additional compensation for these solicitation activities. We will reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners of stock.

Transfer Agent

Our Transfer Agent is American Stock Transfer & Trust Company. All communications concerning shareholders of record accounts, including address changes, name changes, common stock transfer requirements, and similar matters can be handled by contacting American Stock Transfer & Trust Company at 1-800-937-5449, or in writing at American Stock Transfer & Trust Company, 59 Maiden Lane, Plaza Level, New York, NY 10038.

CORPORATE GOVERNANCE

Director Independence

The Board of Directors is committed to good business practices, transparency in financial reporting and the highest level of corporate governance.

The Board has determined that a majority of the Board of Directors are independent of management in accordance with the listing standards of The Nasdaq Stock Market. All of the members of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are independent directors. In accordance with Nasdaq listing standards, the Board must determine that a director has no relationship that, in the judgment of the Board, would interfere with the exercise of independent judgment by the director in carrying out his or her responsibilities. The listing standards specify the criteria by which the independence of our directors will be determined. The listing standards also prohibit Audit Committee and Compensation Committee members from any direct or indirect financial relationship with the Company, and restrict commercial relationships of all directors with the Company. Directors may not be given personal loans or extensions of credit by the Company, and all directors are required to deal at arm's length with the Company and its subsidiaries and to disclose any circumstances that might be perceived as a conflict of interest.

The Board of Directors has previously determined that seven of our ten existing directors (Messrs. John E. Anderson, Charles E. Commander III, Luke E. Fichthorn III, Robert H. Paul III, H.W. Shad III, Martin E. Stein, Jr., and James H. Winston) and five of our seven proposed directors (Messrs. Commander, Shad, Stein, Walton, and Winston) are independent under these standards.

Meetings of Independent Directors

Independent directors regularly meet in executive sessions without management and may select a director to facilitate the meeting. During fiscal 2014, the independent directors met in executive session five times, and Mr. Commander presided over executive sessions of the independent directors.

Communication with Directors

The Board of Directors has adopted the following process for shareholders to send communications to members of the Board. Shareholders may communicate with the chairs of the Audit, Compensation, and Nominating and Corporate Governance Committees of the Board, or with our independent directors, by sending a letter to the following address: Board of Directors, FRP Holdings, Inc., c/o Corporate Secretary, 200 W. Forsyth Street, 7th Floor, Jacksonville, Florida 32202.

Director Attendance at Annual Meeting of Shareholders

The Company's policy is that our directors are expected to attend the Annual Meeting of Shareholders unless extenuating circumstances prevent them from attending. All directors attended last year's Annual Meeting of Shareholders.

Business Conduct Policies

We believe that operating with honesty and integrity has earned us trust from our customers, credibility within our communities, and dedication from our employees. Our senior executive and financial officers are bound by our Financial Code of Ethical Conduct. In addition, our directors, officers and employees are required to abide by our Code of Business Conduct and Ethics to ensure that our business is conducted in a consistently legal and ethical manner. These policies cover many topics, including conflicts of interest, protection of confidential information, fair dealing, protection of the Company's assets and compliance with laws, rules and regulations.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of these policies. The Audit Committee has adopted procedures to receive, retain, and treat complaints received regarding accounting, internal accounting controls, or auditing matters, and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The Financial Code of Ethical Conduct (as adopted on December 3, 2014) and the Code of Business Conduct and Ethics are available on our Web site at www.frpholdings.com under *Corporate Governance*.

Risk Oversight

The Board of Directors exercises direct oversight of strategic risk to the Company. Management annually (or periodically in the event greater frequency is required due to unforeseen circumstances) prepares an enterprise risk assessment and mitigation strategy that it reviews with the Audit Committee. The Audit Committee reports to the Board of Directors, which in turn, provides guidance on risk appetite, assessment and mitigation.

BOARD LEADERSHIP STRUCTURE AND COMMITTEE MEMBERSHIP

Board Leadership

John D. Baker II serves as Executive Chairman of the Company's Board of Directors. Mr. Baker served as President and Chief Executive Officer of the Company from February 6, 2008, until September 30, 2010. He served as President and Chief Executive Officer of Florida Rock Industries, Inc. from February 1996 to November 16, 2007. He has served as a director of the Company since 1986.

While the roles of Executive Chairman and Chief Executive Officer are held separately, the Board of Directors does not have a policy as to whether the positions are held by separate persons, or whether the position of Executive Chairman must be held by an independent director. When the Executive Chairman is not an independent director or is a member of Company management, or when the independent directors determine that it is in the best interests of the Company, the independent directors will annually appoint a lead independent director.

Charles E. Commander III currently serves as lead independent director. The lead independent director presides over executive sessions of the independent directors and performs other duties as may be assigned from time to time by the Board of Directors.

Our Board of Directors believes its current leadership structure is appropriate because it effectively allocates authority, responsibility and oversight between management and the independent members of our Board of Directors. It does this by giving primary responsibility for the operational leadership and strategic direction of the Company to our Chief Executive Officer, while enabling the lead independent director to facilitate our Board of Directors' independent oversight of management. The Board of Directors believes its programs for overseeing risk, as described under the "Risk Oversight" section above, would be effective under a variety of leadership frameworks and therefore do not materially affect its choice of structure.

Board Committees

The Board currently has ten directors and the following four committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, and the Executive Committee. The membership during fiscal 2014 and the function of each Committee are described below.

During fiscal 2014, the Board of Directors held five meetings. The Audit Committee held four meetings, the Compensation Committee held one meeting, and the Nominating and Corporate Governance Committee held two meetings during fiscal 2014. During fiscal 2014, the Executive Committee did not hold any formal meetings but voted on various matters by unanimous written consent. The independent directors met in executive sessions following Board meetings. All of our directors attended at least 75% of the meetings of the Board and all committees on which the director served.

The following chart shows the composition of the committees of the Board of Directors during fiscal 2014. Except for the Executive Committee, each of the committees of the Board is composed exclusively of independent directors.

Audit Committee

The Audit Committee assists the Board in its oversight of the Company's accounting and financial reporting processes and the audit of the Company's financial statements, the integrity of the Company's financial statements, compliance with legal and regulatory requirements, and the qualifications, independence, and performance of the Company's independent auditor. In addition to other responsibilities, the Audit Committee also:

- Reviews the annual audited and the quarterly consolidated financial statements;
- Discusses with the independent auditor all critical accounting policies to be used in the consolidated financial statements, all alternative treatments of financial information that have been discussed with management, other material communications between the independent auditor and management, and the independent auditor's observations regarding the Company's internal controls;

- Reviews earnings press releases prior to issuance;
- Appoints, oversees, and approves compensation of the independent auditor;
- Approves all audit and permitted non-audit services provided by the independent auditor;
- Reviews findings and recommendations of the independent auditor and management's response to the recommendations of the independent auditor;
- Recommends whether the audited financial statements should be included in the Company's Annual Report on Form 10-K; and
- Reviews and approves all transactions between the Company and any related person that are required to be disclosed under the rules of the Securities Exchange Commission that have not previously been approved by the Company's independent directors.

The Board of Directors has determined that all Audit Committee members are independent and are able to read and understand financial statements. The Board of Directors has also determined that the Chair of the Committee, H.W. Shad III, qualifies as an "audit committee financial expert" within the meaning of SEC regulations. The charter of the Audit Committee (as adopted on December 3, 2014) is available on our website at www.frpholdings.com under *Corporate Governance*.

Compensation Committee

Committee Functions. The primary functions of the Compensation Committee are to (1) discharge the responsibilities of the Board of Directors relating to the compensation of the Company's executive officers, and (2) prepare an annual report on executive compensation to be included in the Company's proxy statement. In addition, the Compensation Committee:

- Reviews and approves the Company's goals and objectives relevant to the compensation of the Chief Executive Officer and evaluates his job performance in light of those goals and objectives;
- Establishes compensation levels, including incentive and bonus compensation, for the Chief Executive Officer;
- Establishes and determines, in consultation with the Chief Executive Officer, the compensation levels of other senior executive officers;
- Reviews, periodically, with the Chairman and the Chief Executive Officer the succession plans for senior executive officers and makes recommendations to the Board regarding the selection of individuals to occupy these positions;
- Administers the Company's stock plans; and
- Reviews and reassesses the Compensation Committee charter for adequacy on an annual basis.

The charter of the Compensation Committee (as adopted on December 3, 2014) has been formally adopted by the Company and is available at www.frpholdings.com under *Corporate Governance*.

Nominating and Corporate Governance Committee.

Under its charter, the principal functions of the Nominating and Corporate Governance Committee are to (1) identify individuals who are qualified to serve on the Company's Board of Directors, (2) recommend for selection by the Board of Directors the director nominees for the next annual meeting of the shareholders, (3) review and recommend to the Board changes to the corporate governance practices of the Company, and (4) oversee the annual evaluation of the Board. In addition, the Nominating and Corporate Governance Committee establishes criteria for Board membership.

The charter of the Nominating and Corporate Governance Committee (as adopted on December 3, 2014) is available at www.frpholdings.com under *Corporate Governance*.

Executive Committee

John D. Baker II, Edward L. Baker, Thompson S. Baker II and John D. Milton, Jr. (ex officio), comprised the Executive Committee during fiscal 2014. To the extent permitted by law, the Executive Committee exercises the powers of the Board between meetings of the Board of Directors.

NOMINATING PROCESS

Role of the Nominating and Corporate Governance Committee in the Nominating Process

The Nominating and Corporate Governance Committee (“Nominating Committee”) identifies individuals whom the Nominating Committee believes are qualified to become Board members in accordance with the Director Qualification Standards set forth below, and recommends selected individuals to the Board for nomination to stand for election at the next meeting of shareholders of the Company in which directors will be elected. In the event there is a vacancy on the Board between meetings of shareholders, the Nominating Committee identifies individuals that the Nominating Committee believes are qualified to become Board members in accordance with the Director Independence Standards set forth below, and recommends one or more of such individuals for appointment to the Board.

Director Qualification Standards

The Nominating Committee has established the following standards and qualifications for members of the Board of Directors:

- Each director shall at all times represent the interests of the shareholders of the Company.
- Each director shall at all times exhibit high standards of integrity, commitment and independence of thought and judgment.
- Each director shall dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including attending shareholder meetings and meetings of the Board and Committees of which he or she is a member, and by reviewing in advance all meeting materials.
- The Board shall meet the applicable standards of independence from the Company and its management.
- The Board shall encompass a range of talent, skill and expertise sufficient to provide sound and prudent guidance with respect to all of the Company’s operations and interests.

In considering diversity in the selection of nominees, the Nominating Committee looks for individuals with varied experience, background, knowledge, skills and viewpoints in order to achieve and maintain a group of directors that, as a whole, provides effective oversight of the management of the Company. Although our nomination policy does not prescribe specific standards for diversity, the Board and Nominating Committee do look for nominees with a diverse set of skills that will complement the existing skills and experience of our directors and provide an overall balance of diversity of perspectives, backgrounds and experiences.

Identification, Evaluation and Selection of Nominees

In the event the Nominating Committee recommends an increase in the size of the Board or a vacancy occurs, the Nominating Committee may consider qualified nominees from several sources, including current Board members and search firms. The Nominating Committee may from time to time retain a search firm to help the Nominating Committee identify qualified director nominees for consideration by the Nominating Committee. The Nominating Committee evaluates qualified director nominees against the current director qualification standards described above and reviews qualified director nominees with the Board. The Nominating Committee and the

Chairman of the Board interview candidates who meet the director qualification standards, and the Nominating Committee selects nominees who best suit the Board's current needs and recommends one or more of such individuals for appointment to the Board.

Nominees Proposed by Shareholders for Consideration by the Committee

The Nominating Committee will consider properly submitted shareholder nominees for candidates for membership on the Board of Directors. Shareholders proposing individuals for consideration by the Nominating Committee must include at least the following information about the proposed nominee: the proposed nominee's name, age, business or residence address, principal occupation or employment, and whether such person has given written consent to being named in the proxy statement as a nominee and to serving as a director if elected. Shareholders should send the required information about the nominee to:

Corporate Secretary
FRP Holdings, Inc.
200 W. Forsyth Street, 7th Floor
Jacksonville, Florida 32202

In order for an individual proposed by a shareholder to be considered by the Committee for recommendation as a Board nominee for the Annual Meeting of Shareholders to be held in early 2016, the Corporate Secretary must receive the proposal no later than 5 p.m. Eastern Time on September 30, 2015. Such proposals must be sent via registered, certified or express mail. The Corporate Secretary will send properly submitted shareholder proposed nominations to the Committee Chair for consideration at a future Committee meeting. Individuals proposed by shareholders in accordance with these procedures will receive the same consideration that individuals identified to the Committee through other means receive.

Nominations by Shareholders at Annual Meeting

The Company's Articles of Incorporation provide that only persons who are nominated in accordance with the procedures set forth in the Articles of Incorporation shall be eligible for election as directors by the shareholders. Under the Articles of Incorporation, directors may be nominated, at a meeting of shareholders at which directors are being elected, by (1) the Board of Directors or any committee or person authorized or appointed by the Board of Directors, or (2) by any shareholder who is entitled to vote for the election of directors at the meeting and who complies with certain advance notice procedures. These notice procedures require that the nominating shareholder make the nomination by timely notice in writing to the Secretary of the Company. To be timely, the notice must be received at the principal executive offices of the Company not less than forty (40) days prior to the meeting except that, if less than fifty (50) days' notice or prior public disclosure of the date of the meeting is given to shareholders, the notice must be received no later than ten (10) days after the notice of the date of the meeting was mailed or such public disclosure was made. The notice must contain certain prescribed information about the proponent and each nominee, including such information about each nominee as would have been required to be included in a proxy statement filed pursuant to the rules of the Securities and Exchange Commission had such nominee been nominated by the Board of Directors.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Under our Existing Articles, the Board of Directors is divided into four classes. If Proposal No. 3 in this Proxy Statement is approved by the shareholders at the Annual Meeting, these classes will be eliminated and directors will be elected each year at the annual meeting of shareholders for a one-year term. In anticipation of the approval of Proposal No. 3 by our shareholders, all directors elected at the Annual Meeting will serve a one year-term.

In the event Proposal No. 3 is not approved by the shareholders, the directors elected at the Annual Meeting will be divided into classes and will serve until the annual meeting of shareholders held in 2016, where directors will be elected to staggered terms in accordance with our Existing Articles.

In connection with the separation of the transportation group, the number of directors of the Company will be reduced from ten to seven directors. Messrs. John E. Anderson, Edward L. Baker, Luke E. Fichthorn, and Robert H. Paul are expected to resign effective upon the separation to become directors of the Company. Our director nominees are discussed below.

If you are a shareholder of record, your proxy will be voted for the election of the persons nominated unless you indicate otherwise. If any of the nominees named should become unavailable for election for any presently unforeseen reason, the persons named in the proxy shall have the right to vote for a substitute as may be designated by the Board of Directors to replace such nominee, or the Board may reduce the number of directors accordingly.

The Board unanimously recommends a vote FOR the election of these nominees as directors.

PROPOSAL NO. 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Hancock Askew & Co., LLP ("Hancock Askew") as the Company's independent registered public accounting firm (auditors) to examine the consolidated financial statements of the Company, subject to satisfactory negotiation of an annual fee agreement for fiscal 2015. The Board of Directors seeks an indication from shareholders of their approval or disapproval of the Audit Committee's appointment of Hancock Askew as the Company's auditors.

Hancock Askew has been our independent auditor since June 21, 2006, and no relationship exists other than the usual relationship between auditor and client.

If the appointment of Hancock Askew as auditor for fiscal year 2015 is not approved by the shareholders, the adverse vote will be considered a direction to the Audit Committee to consider other auditors for next year. However, because of the difficulty in making any substitution of auditors so long after the beginning of the current year, Hancock Askew will remain the Company's Independent Registered Public Accounting Firm for fiscal year 2015, unless the Audit Committee finds other good reason for making a change.

Representatives of Hancock Askew will be available to respond to questions at the annual meeting of shareholders.

NOTE REGARDING PROPOSALS NO. 3, 4 AND 5

Proposals No. 3, 4, and 5 pertain to amending the Company's Articles of Incorporation. The Board has unanimously adopted the Amended and Restated Articles of Incorporation as set forth in Appendix II ("Amended Articles") and is submitting for shareholder approval the provisions to be amended. The Amended Articles, including only those amendments approved by the shareholders, will become effective upon filing with the Department of State of the State of Florida, which we intend to do promptly upon approval of one or more of the proposed amendments at the Annual Meeting. The Amended Articles are identical to the Company's Existing Articles except for the changes described in Proposals No. 3, 4, and 5. None of these proposals is conditioned on the approval of any other proposal, so a negative vote on one proposal will not affect the vote on any other proposal.

PROPOSAL NO. 3 DECLASSIFY THE BOARD OF DIRECTORS

The Company's Existing Articles divide our Board of Directors into four classes, with each class being elected annually to serve a four year term.

The Board of Directors proposes to eliminate the classification of the Board and provide instead for the annual election of Directors commencing with the Company's 2015 Annual Meeting of shareholders.

The Company's current classified board structure has been in place since 1988. The Board believes that its classified structure has helped assure continuity of the Company's business strategies and has reinforced a commitment to long-term shareholder value. Although these are important benefits, the Board recognizes the growing sentiment among the investment community in favor of annual elections.

The Nominating and Corporate Governance Committee has recommended that the Company declassify its Board of Directors. The Committee has considered carefully the advantages and disadvantages of maintaining a classified board structure. After this assessment, the full Board of Directors, upon the recommendation of the Committee, has decided that this is an appropriate time to propose declassifying the Board. This determination by the Board of Directors furthers its goal of ensuring that the Company's corporate governance policies maximize management accountability to shareholders and would, if adopted, allow shareholders the opportunity each year to register their views on the performance of the Board of Directors.

The proposed Amended Articles eliminate the classification of the Board effective upon the Company's 2015 Annual Meeting and provides for the annual election of all directors. If the Proposal No. 3 is approved, the entire Board would stand for election annually and the term of any director chosen as a result of a newly created directorship or to fill a vacancy following such election would expire at the next annual meeting of shareholders.

The approval of Proposal No. 3 would not change the present number of Directors or the Board's authority to change that number and to fill any vacancies or newly created directorships.

Approval of Proposal No. 3 will result in the amendment of ARTICLE VII of the Company's Amended Articles of Incorporation, as shown on Appendix II.

The Company's Existing Articles provide that any amendment to ARTICLE VII may only be approved by the affirmative vote of seventy-five percent (75%) of the Company's outstanding voting stock. Therefore, approval of Proposal No. 3 requires the affirmative vote of the holders of seventy-five percent (75%) of the outstanding shares of Common Stock entitled to vote. Abstentions and "broker non-votes" will have the same effect as votes against this proposal.

The Board of Directors has unanimously adopted the Amended Articles as set forth on Appendix II, which incorporates this amendment. The Board of Directors recommends that the Company's shareholders approve Proposal No. 3.

PROPOSAL NO. 4
ELIMINATE THE SUPERMAJORITY VOTE REQUIREMENT FOR APPROVAL FOR CERTAIN
TRANSACTIONS WITH AFFILIATES OF THE COMPANY

The Existing Articles currently require the approval of the holders of at least 75% of our common stock to complete any of the following transactions or business combinations with a related person (as defined below):

- any merger or consolidation between the Company or any of its subsidiaries and a related person;
- any sale, lease, exchange, transfer, or other disposition, including a pledge, not in the ordinary course of business, of more than 10% of the fair market value of the total assets of the Company or any of its subsidiaries to a related person;
- any sale, lease, exchange, transfer, or other disposition, including a pledge, not in the ordinary course of business, by a related person to the Company of assets equaling at least 10% of the fair market value of the total assets of the Company;
- any exchange of equity securities of the Company for securities of a related person;
- the adoption of any plan or proposal for liquidation or dissolution of the Company proposed by or on behalf of a related person;
- the issuance of any securities of the Company or any of its subsidiaries to a related person;
- any recapitalization, reclassification, merger, consolidation, exchange of securities or other transaction that would have the effect of directly or indirectly increasing the voting power of a related person with respect to the Company or any of its subsidiaries; and
- entering into any agreement, contract, or other arrangement providing for any of the transactions described above.

For purposes of the restrictions described above, a "related person" is any individual, corporation, partnership, or other person which, together with its affiliates and associates (as defined in Rule 12b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934) beneficially owns at least 10% of the outstanding voting stock of the Company, and any affiliate or associate of any such individual, corporation, partnership, or other person. The definition of related person does not include any person who acquired beneficial ownership of at least 10% of the Company's outstanding voting stock on or before February 2, 1989.

The Company is subject to Section 607.0901 of the Florida Business Corporation Act (the "fair price provision") which imposes certain requirements on certain transactions (merger, sales of assets or the issuance of more than 5% of our common stock) with shareholders who beneficially own more than 10% of our voting shares (an "interested shareholder"). This statute requires that an affiliated transaction with an interested shareholder meet one of the following conditions: (i) the transaction is approved by the disinterested directors; (ii) the transaction is approved by a two-thirds vote of the disinterested shareholders; or (iii) a statutory "fair price" is paid to the disinterested shareholders in the transaction.

The Board of Directors proposes to delete the supermajority voting requirement in our articles of incorporation, leaving only the requirements of the Florida Business Corporation Act to apply to the approval of this type of business combination. Given that shareholders have the protection of the Florida fair price provision, the Board believes that it is appropriate to delete the Company's provision on business combinations with interested shareholders and allow shareholders to rely on the protections provided under Florida law.

The Board of Directors has unanimously adopted the Amended Articles as set forth on Appendix II, which incorporates this amendment. The Board of Directors recommends that the Company's shareholders approve Proposal No. 4.

PROPOSAL NO. 5
DELETE OR MODIFY MISCELLANEOUS PROVISIONS OF THE EXISTING ARTICLES

Deletion of Series A Preferred Stock

The Series A Preferred Stock created by the Company's Existing Articles was created in connection with Patriot Transportation Holding, Inc.'s Shareholder Rights Plan, which is now expired. No shares of the Series A Preferred Stock were issued. The Board of Directors propose to eliminate this language as it is no longer necessary.

Deletion or Modification of Items of Only Historical Significance

There are certain provisions in our Existing Articles, which were adopted in 1988, that are no longer applicable to the Company. The Board of Directors proposes to eliminate or modify these historical provisions as described below.

1. Eliminate ARTICLE II. GENERAL NATURE OF BUSINESS.

Article II of the Existing Articles contain an extensive list of the nature of the business to be conducted by the Company and the corporate powers of the Company. This provision is no longer necessary as Florida law provides that Florida corporations may engage in any lawful activities.

2. Modify ARTICLE VI. PRINCIPAL PLACE OF BUSINESS

The Existing Articles list 155 East 21st Street, Jacksonville, Duval County, Florida 32206 as the principal office. The Company's principal office is now at 200 West Forsyth Street, 7th Floor, Jacksonville, Duval County, Florida 32202. The Amended Articles reflect the current address.

The Board of Directors has unanimously adopted the Amended Articles as set forth on Appendix II, which incorporates this amendment. The Board of Directors recommends that the Company's shareholders approve Proposal No. 5.

PROPOSAL NO. 6
ADVISORY VOTE ON EXECUTIVE COMPENSATION

We included a non-binding advisory vote on our executive compensation program (also referred to as a "say on pay" proposal) in our proxy statement last year. At our 2014 Annual Meeting of Shareholders, approximately 99.5% of the votes cast in the "say on pay" advisory vote were "FOR" approval of our executive compensation. This year, in accordance with Section 14A of the Securities Exchange Act of 1934, as amended, we are again asking shareholders to vote "FOR" approval of our executive compensation program.

As discussed in the Compensation Discussion and Analysis, we design our executive officer compensation program to attract, motivate, and retain the key executives who drive our success and industry leadership. Our compensation program consists of several forms of compensation: base salary, cash incentive bonuses, equity compensation and other benefits and perquisites. Pay that reflects performance and alignment of that pay with the interests of long-term shareholders are key principles that underlie our compensation program. The Board believes that our current executive compensation program directly links executive compensation to our performance and aligns the interest of our executive officers with those of our shareholders.

Shareholders are urged to read the "Compensation Discussion and Analysis" section of this proxy statement, which discusses how our executive compensation policies and practices implement our compensation philosophy, and the "Executive Compensation" section of this proxy statement, which contains tabular information and narrative discussion about the compensation of our named executive officers.

Because this is an advisory vote, it will not be binding on the Board. However, the Board and the Compensation Committee will review and take into account the outcome of the vote when considering future executive compensation decisions.

Accordingly, the Board proposes that you indicate your support for the Company's compensation philosophy, policies, and procedures and their implementation in fiscal year 2015 as described in this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

This section explains our compensation philosophy and all material elements of the compensation we provide to the individuals who served as Chief Executive Officer and Chief Financial Officer and our other three most highly compensated executive officers who served in such capacities during the fiscal year ended September 30, 2014 (the “named executive officers”). The named executive officers for fiscal 2014 are Thompson S. Baker II, our President and Chief Executive Officer, John D. Milton, Jr., our Executive Vice President and Chief Financial Officer, David H. deVilliers, Jr., Vice President and President of FRP Development Corp., Robert E. Sandlin, Vice President and President of Florida Rock & Tank Lines, Inc. and John D. Klopfenstein, our Controller and Chief Accounting Officer.

Overview

- The objectives of our compensation program are to attract, retain and motivate talented leaders and to support our strategic objectives and core values.
- We provide our executive officers with the following types of compensation: salary, cash-based short term incentives, equity-based long-term incentives and other benefits and perquisites.
- We encourage a pay-for-performance environment by linking cash incentive awards to the achievement of measurable business and individual performance goals.
- For fiscal 2015, we granted increases in base salaries for Mr. Baker, Mr. deVilliers and Mr. Klopfenstein in light of their performance. We did not increase Mr. Milton's base salary.

The Compensation Committee

Our Compensation Committee (“Committee”) establishes and oversees our compensation and employee benefits programs and approves the elements of total compensation for the executive officers. In fiscal 2014, Robert H. Paul III, Martin E. Stein, Jr., and James H. Winston served as the members of the Compensation Committee. Mr. Paul, who has served on our Board of Directors for approximately 20 years, is the Committee Chairman. Each member of the Compensation Committee qualifies as an independent director under the listing standards of The Nasdaq Stock Market; a non-employee director for purposes of Rule 16b-3 of the Exchange Act; and an outside director for purposes of Section 162(m) of the Internal Revenue Code. Additionally, no member of the Compensation Committee accepts, directly or indirectly, any consulting, advisory or other compensatory fee from the Company or its subsidiaries (other than fees received due to services on the Board and its committees or fixed amounts of compensation under the Company’s retirement plans for prior service with the Company).

Compensation Philosophy

The following principles guide our compensation decisions:

We Focus on Strategic Objectives

Our compensation decisions are driven by FRP’s business strategy. We intend that our compensation decisions will attract and retain leaders and motivate them to achieve FRP’s strategic objectives.

We Believe in Pay for Performance

We believe that pay should be directly linked to performance. This philosophy has guided many compensation-related decisions:

- A substantial portion of executive officer compensation usually is contingent on, and variable with, achievement of objective business unit and/or individual performance objectives.
- Our stock incentive plan prohibits discounted stock options, reload stock options and re-pricing of stock options.
- We have capped the benefit levels under the Management Security Plan and have closed the plan to new participants. Only one of our named executive officers participates in the Management Security Plan. Our executive officers do not accrue additional benefits under any other supplemental executive retirement plan.

Compensation Should Reflect Position and Responsibility

Total compensation and accountability should generally increase with position and responsibility.

Compensation Should be Reasonable and Responsible

It is essential that FRP's overall compensation levels be sufficiently competitive to attract and retain talented leaders and motivate those leaders to achieve superior results. At the same time, we believe that compensation should be set at responsible levels. Our executive compensation programs are intended to reflect the understanding that this Company belongs to our shareholders.

The Committee discussed the results of the previous year's shareholder advisory vote on executive compensation. The Committee has determined, based in part upon the fact that approximately 99.5% of the shares voting on the matters voted in favor of the Company's compensation philosophy, policies and procedures for fiscal 2014, that the current executive compensation provision effectively aligns the interests of our executive officers with that of our shareholders.

Variable Performance-Based Pay as a Percentage of Potential Compensation

The Committee believes that both long and short term compensation of executive officers should correlate to the achievement of the Company's financial objectives. For example, for fiscal 2014, Mr. Sandlin was eligible to receive a performance-based cash bonus of up to 110% of his salary, Messrs. Thompson Baker and deVilliers were eligible to receive performance-based cash bonuses of up to 100% of their base salaries, Mr. Milton was eligible to receive a performance-based cash bonus of up to 100% of his base salary, and Mr. Klopfenstein was eligible to receive a performance-based cash bonus of up to 50% of his base salary.

Overview and Objectives of our Executive Compensation Program

The compensation program for our executive officers is designed to attract, motivate, reward and retain highly qualified individuals who can contribute to the Company's growth with the ultimate objective of improving shareholder value. Our compensation program consists of several forms of compensation: base salary, cash incentive bonuses, equity compensation and other benefits and prerequisites.

The compensation program is designed to integrate with the Company's business plan and the opportunities and challenges facing the Company in an ever-evolving business environment. Accordingly, the Committee does not use predetermined guidelines or benchmarking to determine the elements and levels of compensation for our executive officers or to allocate between cash and long term or equity incentives.

The Committee receives and reviews a variety of information throughout the year to assist it in carrying out its responsibilities. The Committee reviews financial reports comparing Company performance on a year-to-date basis versus budget and receives operating reports at each regular Board meeting. The Chief Executive Officer provides the Committee with an assessment of the Company's achievements and performance, his evaluation of individual performance and his recommendations for annual compensation, and annual performance targets and equity compensation awards. The Committee makes all final decisions regarding the compensation of our executive officers. When making individual compensation decisions for executive officers, the Committee takes many factors into account, including the individual's performance, tenure, experience and responsibilities; the performance of the Company or the executive's business unit; retention considerations; the recommendations of management; the individual's historic compensation and the results of the previous year's shareholder advisory vote on executive compensation.

The Compensation Committee does strive to assure that a significant portion of the potential compensation of the named executive officers is contingent, performance-based compensation linked to the achievement of specific objectives. To achieve this goal, incentive bonuses are established as a percentage of their base salaries.

2014 "Say on Pay" Advisory Vote on Executive Compensation

We included a non-binding advisory vote on our executive compensation program (also referred to as a "say on pay" proposal) in our proxy statement last year. At our 2014 Annual Meeting of Shareholders, approximately 99.5% of the votes cast in the "say on pay" advisory vote were "FOR" approval of our executive compensation. The Compensation Committee evaluated the results of the 2014 advisory vote together with the other factors and data discussed in the Compensation Discussion and Analysis in determining executive compensation policies and decisions. The Compensation Committee believes that the outcome of our say on pay vote reflects our shareholders' support of our compensation approach and did not make any material changes to our fiscal 2014 executive compensation policies and decisions as a result of the 2014 advisory vote. We value the

opinions of our shareholders and will continue to consider the outcome of future say on pay votes when designing our compensation programs and policies and making compensation decisions.

The Board of Directors has determined to hold an annual shareholder advisory vote on executive compensation until the next required vote on the frequency of shareholder advisory votes on executive compensation.

Components of Executive Compensation

Base Salary

General. Base pay is a critical element of executive compensation because it provides executives with a base level of monthly income. In determining base salaries, we consider the executive's qualifications and experience, scope of responsibilities and future potential, the goals and objectives established for the executive, the executive's past performance, internal pay equity and the tax deductibility of base salary. As part of determining annual increases, the Committee also considers the Chief Executive Officer's written recommendations, the observations of the Chief Executive Officer and of the Committee members regarding individual performance and internal pay equity considerations.

Fiscal 2014 and 2015 Actions. We set base salaries on a calendar year basis. The following table reflects the adjustments made to the base salaries of the named executive officers for calendar years 2014 and 2015.

<u>Name and Title</u>	<u>2014 Base Salary</u>	<u>% Increase from 2013</u>	<u>2015 Base Salary</u>	<u>% Increase from 2014</u>
Thompson S. Baker II <i>President and CEO</i>	\$406,850	3%	\$420,000	3.2%
John D. Milton, Jr. <i>Executive Vice President and Chief Financial Officer</i>	\$165,000	0%	\$165,000	0%
David H. deVilliers, Jr. <i>Vice President and President, FRP Development Corp.</i>	\$324,404	2.5%	\$324,404	0%
Robert E. Sandlin <i>Vice President and President, Florida Rock & Tank Lines, Inc.</i>	\$260,400	5%	\$275,000	5.6%
John D. Klopfenstein <i>Controller and Chief Accounting Officer</i>	\$184,800	5%	\$192,192	4.0%

Analysis. The Committee increased the base salaries of Messrs. Baker, Sandlin and Klopfenstein for fiscal 2015 in light of their management performance. The Committee did not increase Mr. Milton's or Mr. deVillier's base salaries based on the Committee's view that his existing base salary was adequate in light of his total compensation packages.

Cash Incentive Compensation

Management Incentive Compensation Plan. The Management Incentive Compensation Plan (the "MIC Plan") provides officers and key employees an opportunity to earn an annual cash bonus for achieving specified, performance-based goals established for the fiscal year. Performance goals under the MIC Plan are tied to measures of operating performance rather than appreciation in stock price.

The Compensation Committee traditionally has established performance objectives for the transportation subsidiaries based on targeted levels of after-tax return on average capital employed. We believe that after-tax return-on-capital employed (ROCE) is an important measure of performance in an asset-intensive business, both

to evaluate management's performance and to demonstrate to shareholders that capital has been used wisely over the long term. For purposes of this bonus calculation, return on average capital employed is defined as the Transportation Group's net income excluding the after-tax cost of financing, divided by its total monthly average capital employed.

The Compensation Committee historically established performance objectives for the Developed Buildings and Land segment based on operating properties in the portfolio (usually gross profit on developed buildings and average occupancy rates for properties in service more than 12 months), special projects and new development. For fiscal 2014 and 2015, the Compensation Committee established bonus pools tied to the achievement of targeted levels of adjusted after-tax return on capital employed (calculated as described below).

Fiscal 2014 and 2015 Actions. The following chart describes the performance objectives and potential bonuses for the named executive officers for fiscal years 2014 and 2015:

<u>Name</u>	<u>Year</u>	<u>Potential Bonus as a % of Salary</u>	<u>Performance Targets</u>

	2014	110%	Achievement by the Transportation Group of a targeted level of ROCE. ⁽¹⁾⁽³⁾⁽⁵⁾

- (1) Each executive's bonus is also contingent on the achievement of certain individual objectives.
- (2) For 2014, the specified level of net income for the Company was \$12,285,000. If actual net income for the year was less than \$12,285,000 but greater than \$10,820,000, the bonus would have been prorated between 20% and 100%.
- (3) With respect to the Transportation Group, the specified officers are or were eligible to receive a bonus up to the specified percentage of his base salary if the named business unit achieved a specified level of after-tax ROCE. If after-tax ROCE exceeded a threshold level but was less than the target level, the bonus would be prorated. For 2015, the threshold and target after-tax ROCE levels for the transportation group are 10.5% and

13.0%. The threshold and target after-tax ROCE levels for the Transportation Group was 12.0% and 13.83% for 2014. Capital employed excludes the effect of prepaid insurance premiums to a captive insurer.

- (4) For fiscal 2014, bonuses for the Developed Properties Rentals segment were contingent on the achievement of adjusted after-tax return on capital employed (as described below) between a minimum of 3.66% (at which the available bonus pool was 40%) and a maximum of 4.30% (at which the available bonus pool was 100%). If the adjusted after-tax return on capital employed was less than 4.30% but more than 3.66%, the available bonus pool was prorated between 40% and 100%. For fiscal 2014, adjusted after-tax return on capital employed was calculated as: (i) the sum of (A) the Developed Properties Rentals segment's operating profit for fiscal 2014, plus (B) the indirect management company overhead expense and parent company overhead expense allocated to the Developed Properties Rentals segment, plus (C) any net loss on the Anacostia property, less (D) any net income from the 21st Street property, less (E) income taxes on the resulting total, calculated using a 40% assumed income tax rate; divided by (ii) the total monthly average capital employed in the Developed Properties Rentals segment [identifiable assets of the Developed Properties Rentals segment less the Anacostia Riverfront property and less the 21st Street property, and less liabilities (other than mortgage indebtedness and deferred income taxes)]. In calculating the adjusted after-tax return on capital employed for the Developed Properties Rentals segment for 2014 and the Company's net income for 2014 (for bonus purposes only), the following adjustments were made: (i) for leases executed in fiscal 2014, the amount to be included in revenues will be the greater of the lease revenues under the lease for fiscal 2014 or fifty percent (50%) of the lease revenues under the lease for fiscal 2015; (ii) a credit was given for the quantifiable benefit from any Code Section 1031 exchange; (iii) for finished lot sales, credit was given for revenue received over the floor area ratio (FAR) basis; and (iv) any capital expended in the Developed Properties Rentals segment in excess of budgeted expenditures was excluded from the calculation of capital employed.

For fiscal 2015, bonuses for the Developed Properties Rentals segment are contingent on the achievement of adjusted after-tax return on capital employed (as described below) between a minimum of 3.79% (at which the available bonus pool is 55%) and a maximum of 6.23% (at which the available bonus pool is 100%). If the adjusted after-tax return on capital employed is less than 6.23% but more than 3.79%, the available bonus pool will be prorated between 55% and 100%. For fiscal 2015, adjusted after-tax return on capital employed will be calculated as: (i) the sum of (A) the Developed Properties Rentals segment's operating profit for fiscal 2015, plus (B) the indirect management company overhead expense and parent company overhead expense allocated to the Developed Properties Rentals segment, plus (C) any net loss on the Anacostia property, less (D) any net income from the 21st Street property, less (E) income taxes on the resulting total, calculated using a 40% assumed income tax rate; divided by (ii) the total monthly average capital employed in the Developed Properties Rentals segment [identifiable assets of the Developed Properties Rentals segment less the Anacostia Riverfront property and less the 21st Street property, and less liabilities (other than mortgage indebtedness and deferred income taxes)]. In calculating the adjusted after-tax return on capital employed for the Developed Properties Rentals segment for 2015 and the Company's net income for 2015 (for bonus purposes only), the following adjustments will be made: (i) for leases executed in fiscal 2015, the amount to be included in revenues will be the greater of the lease revenues under the lease for fiscal 2015 or fifty percent (50%) of the lease revenues under the lease for fiscal 2016; (ii) a credit will be given for the quantifiable benefit from any Code Section 1031 exchange; (iii) for finished lot sales, credit will be given for revenue received over the floor area ratio (FAR) basis; and (iv) if capital is expended in the Developed Properties Rentals segment in excess of budgeted expenditures, it will be excluded from the calculation of capital employed.

- (5) For each year, a portion of the bonus for each officer was contingent on a determination that the internal control over financial reporting for the company (or their respective business unit) was effective for the applicable year.
- (6) Mr. Milton was eligible to earn an additional bonus of up to 40% of his base salary if the Compensation Committee determined that he is instrumental in the achievement of one or more significant capital transactions outside the ordinary scope of the Company's business activities.

Analysis. Cash-based incentive compensation comprises a significant portion of the potential total compensation of the named executive officers. For fiscal 2014, cash-based incentive compensation comprised 38% of the potential total compensation and 12.9% of the actual total compensation of the named executive officers. We believe that these incentives play a significant role in helping the Company achieve its business objectives.

Stock Options

General. Long-term equity incentives help to motivate executives to make decisions that focus on long-term growth and thus increase shareholder value. The Committee believes that such grants help align our executive officers' interests with the Company's shareholders. When our executives deliver sustained returns to our shareholders, equity incentives permit an increase in their own compensation.

Traditionally, the Committee has made equity compensation awards in the form of stock options. All stock options incorporate the following features: the term of the grant does not exceed 10 years; the grant price is not less than the market price on the date of grant; grants do not include "reload" provisions; re-pricing of options is prohibited, unless approved by the shareholders; and to encourage employee retention, most options vest over a period of years.

Fiscal 2014 and 2015 Actions.

In fiscal 2014, the Committee approved the award of options to acquire 10,700 shares to Thompson S. Baker. In fiscal 2015, the Committee approved the award of options to acquire 12,340 shares to Mr. Baker. In making the grant, the Compensation Committee considered the performance of Mr. Baker, his total compensation package and his importance to the Company, and Mr. Baker's prior stock option grants.

In fiscal 2014, the Committee approved the award of options to acquire 5,350 shares each to Messrs. deVilliers and Sandlin and 2,890 shares to Mr. Klopfenstein. In fiscal 2015, the Committee approved the award of options to acquire 6,170 shares each to Messrs. deVilliers and Sandlin and 3,330 shares to Mr. Klopfenstein. In making such grants, the Compensation Committee considered the past performance of Messrs. deVilliers, Sandlin and Klopfenstein, their total compensation packages and the importance of Messrs. deVilliers and Sandlin to the real estate and transportation groups.

In fiscal 2014 and fiscal 2015, the Committee approved the award to Mr. Milton of options to acquire 7,500 and 9,375 shares, respectively. In making this grant, the Compensation Committee considered Mr. Milton's past performance, base salary and bonus, his qualifications and responsibilities and his ability to impact the future performance of the Company.

All of the options described above vest 20% per year beginning the first anniversary of the grant date, except that Mr. Milton's options vest immediately. All options expire on the tenth anniversary of the grant date. The per share option price for all options is the closing price of the Company's common stock on the grant date.

Analysis. The Committee believes that equity compensation is an important element of overall compensation. At the same time, the Committee recognizes that equity grants impose a dilution cost to the shareholders. The Committee made grants to the named executive officers because the Committee believes that equity incentives should be a significant part of their compensation package. The Committee plans to continue to evaluate the use of equity compensation as a tool to motivate management.

Health and Welfare Benefits

In addition to participating in the same health and welfare plans, including our 401(k) plan, as our other salaried employees, our executive officers participate in a supplemental medical expense reimbursement plan.

Our Management Security Plan was adopted many years ago as a retention tool to provide retirement benefits (based on annual base salaries) to certain senior executives. The Management Security Plan provides for annual payments to participants (or their beneficiaries) until the later of (i) their date of death or (ii) 15 years after their retirement or death. The annual payments are set at two times the benefit level during the first year and at the annual benefit level in subsequent years. The benefit levels originally increased with base salaries but the Company capped the benefit levels at 50% of base salaries as of December 31, 2002. The plan has been closed to newly hired executives for several years. Mr. deVilliers is the only named executive officer who currently participates in the Management Security Plan.

Severance and Change of Control Agreements

Until December 2007, none of our named executive officers had any arrangements that provide for payment of severance payments or payment of any benefits upon a change-in-control of FRP, except for change-in-control provisions that accelerate vesting of stock options or restricted stock under our equity compensation plans.

On December 5, 2007, the Company entered into change-in-control agreements with Messrs. deVilliers Sandlin and Klopfenstein. The agreements are “double trigger” agreements that will pay benefits to the executives, under certain circumstances, if they are terminated following a change-in-control of the Company or a sale of their particular business unit.

Mr. deVilliers’ agreement provides that if he is terminated following a change-in-control or a sale of his business unit other than for “cause” or if he resigns following such event for “good reason,” the benefits under his Management Security Plan shall become fully vested and the present value of such benefits shall be paid to Mr. deVilliers. In the case of Messrs. Sandlin and Klopfenstein, the agreements provide that each of them will be entitled to receive an amount equal to two times his base salary plus maximum bonus if, during the two years after a change-in-control or sale of Florida Rock & Tank Lines, Inc. his employment is terminated other than for “cause” or he resigns for “good reason.” In addition, each of them will become fully vested in his stock options and restricted stock.

For this purpose, cause is generally defined as (i) conviction for commission of a felony, (ii) willful misconduct or gross negligence or material violation of policy resulting in material harm to his employer, (iii) repeated and continued failure by the executive to carry out, in all material respects, the employer’s reasonable and lawful directions, or (iv) fraud, embezzlement, theft or material dishonesty. Good reason is generally defined as (i) a material reduction in compensation or benefits, (ii) a requirement that the executive relocate, or (iii) any material diminution in the executive’s duties, responsibilities, reporting obligations, title or authority.

We believe these change-in-control arrangements, the value of which are contingent on a change of control transaction, effectively create incentives for our executive team to build shareholder value and to obtain the highest value possible should we be acquired in the future, despite the risk of losing employment. These change of control arrangements for our executive officers are “double trigger,” meaning that acceleration of vesting is not awarded upon a change of control unless the executive’s employment is terminated involuntarily (other than for cause) or by the executive for good reason within 24 months following the transaction. We believe this structure strikes a proper balance by not providing these benefits to executives who continue to enjoy employment with an acquiring company in the event of a change of control transaction. We also believe this structure is more attractive to potential acquiring companies, who may place significant value on retaining members of our executive team and who may perceive this goal to be undermined if executives receive significant acceleration payments in connection with such a transaction and are no longer required to continue employment.

Personal Benefits

Our executives receive a limited number of personal benefits certain of which are considered taxable income to them and which are described in the footnotes to the section of this proxy statement entitled “Summary Compensation Table.”

Compensation Policies

Internal Pay Equity

We believe that internal pay equity is an important factor to be considered in establishing compensation for the officers. We have not established a policy regarding the ratio of total compensation of the Chief Executive Officer to that of the other officers, but we do review compensation levels to ensure that appropriate equity exists.

Compensation Risk Assessment

The Committee considers the risks that may result from the Company’s compensation policies and practices. The Committee believes that our compensation policies and practices for our executives are reasonable and properly align their interests with those of our shareholders. The Committee believes that there are a number of factors that cause our compensation policies and practices to not have a material adverse effect on the Company.

- (3) We have operations throughout many of the Southeastern and Mid-Atlantic States. Our senior executive officers are required to travel extensively to these operations and to other locations as part of their responsibilities. To facilitate this travel, we purchased a company airplane in fiscal 2008. We encourage Edward L. Baker, John D. Baker II, Thompson S. Baker II, and John D. Milton Jr. to use our airplane for non-business as well as business travel for safety and security reasons and to make the best use of their time. They reimburse us for non-business use for fuel used, crew travel expenses, airport fees, catering, passenger ground transportation plus an additional charge per day of the lesser of \$1,000 or the amount of fuel used. AUDIT COMMITTEE CHARTER**

Purpose

The Audit Committee, a committee of the Board of Directors (the "Board") of FRP Holdings, Inc. (the "Company"), is appointed by the Board to oversee the accounting and financial reporting processes of the Company and the audits of the Company's financial statements. To fulfill their obligations, the Committee relies on: (i) management for the preparation and accuracy of the Company's financial statements; (ii) both management and the Company's internal auditor for establishing effective internal controls and procedures to ensure the Company's compliance with accounting standards, financial reporting procedures and applicable laws and regulations; and (iii) the Company's independent auditors for an unbiased, diligent audit or review, as applicable, of the Company's financial statements and the effectiveness of the Company's internal controls. The members of the Audit Committee are not employees of the Company and are not responsible for planning or conducting audits or determining that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditor.

Committee Membership

The Audit Committee shall consist of no fewer than three members. Each member of the Audit Committee shall meet the independence and experience requirements of The NASDAQ Stock Market, Inc. Marketplace Rules and the Securities Exchange Act of 1934 (the "Exchange Act"). No member of the Audit Committee shall have participated in the preparation of the financial statements of the Company in the past three years.

All members of the Audit Committee shall be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. At least one member of the Audit Committee must have past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background that leads to financial sophistication. At least one member of the Audit Committee shall be an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission (the "Commission"). A person who satisfies the definition of audit committee financial expert will also be presumed to have financial sophistication.

Notwithstanding the foregoing, one director who does not meet the NASDAQ definition of independence, but who meets the criteria set forth in Section 10A(m)(3) under the Exchange Act and the rules thereunder, and who is not a current officer or employee or a family member of such person, may serve for no more than two years on the Audit Committee if the Board, under exceptional and limited circumstances, determines that such individual's membership is required by the best interests of the Company and its shareholders. Such person must satisfy the independence requirements set forth in Section 10A(m)(3) of the Exchange Act, and may not chair the Audit Committee. The use of this "exceptional and limited circumstances" exception, as well as the nature of the individual's relationship to the Company and the basis for the board's determination, shall be disclosed in the Company's annual proxy statement.

In addition, if an Audit Committee member ceases to be independent for reasons outside the member's reasonable control, his or her membership on the Audit Committee may continue until the earlier of the Company's next annual meeting of shareholders or one year from the occurrence of the event that caused the failure to qualify as independent. If the Company is not already relying on this provision, and falls out of compliance with the requirements regarding Audit Committee composition due to a single vacancy on the Audit Committee, then the Company will have until the earlier of the next annual meeting of shareholders or one year from the occurrence of the event that caused the failure to comply with this requirement. The Company shall provide notice to NASDAQ immediately upon learning of the event or circumstance that caused the non-compliance, if it expects to rely on either of these provisions for a cure period.

The members of the Audit Committee shall be appointed by the Board on the recommendation of the Nominating and Corporate Governance Committee of the Board in existence from time to time. The members of the Audit Committee shall be appointed for one year and shall serve until the appointment of their successors. Audit Committee members may be replaced by the Board at any time.

Meetings

The Audit Committee shall meet at least quarterly.

The Audit Committee shall meet periodically in separate executive sessions with management, any internal auditors, and the independent auditor, and have such other direct and independent interaction with such persons from time to time as the members of the Audit Committee deem appropriate. The Audit Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of the Committee or its advisors.

The Audit Committee will meet at the call of its Chairman or the Chairman of the Board of Directors.

A majority of the Audit Committee members will be a quorum for the transaction of business.

The action of a majority of those present at a meeting at which a quorum is present will be the act of the Audit Committee.

Any action required to be taken at a meeting of the Audit Committee will be deemed the action of the Audit Committee without a meeting if all of the Audit Committee members executed, either before or after the action is taken, a written consent and the consent is filed with the Corporate Secretary.

Minutes shall be taken at each meeting of the Audit Committee and included in the Company's corporate records.

3. Preferred stock, if authorized by the board of directors, shall comply with Florida law as then in effect, notwithstanding the following provisions.

(a) The shares of preferred stock shall be of one or more classes and may be issued in one or more series at one time or from time to time as the board of directors may determine.

(b) Shares of preferred stock and any series thereof shall have such relative rights and preferences with regard to dividend rates, redemption rights, conversion privileges, with such voting powers, full or limited, or without voting powers and with such other distinguishing characteristics, including designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations, or restrictions thereof, as shall be stated and expressed in the resolution or resolutions providing for the issue thereof adopted by the board of directors (and as are not in contravention of this certificate of incorporation, or any amendment thereto), including (but without limiting the generality of the foregoing) the following:

(i) The distinctive designation and number of shares comprising such series, which number may (except where otherwise provided by the board of directors in creating such series) be increased or decreased (but not below the number of shares then outstanding) from time to time by action of the board of directors.

(ii) The dividend rate or rates, if any, on the shares of such series and the relation which any such dividends shall bear to the dividends payable on any other class or classes or of any other series of capital stock, the terms and conditions upon which and the periods in respect of which any such dividends shall be payable, whether and upon what conditions any such dividends shall be cumulative, and if cumulative, the date or dates from which dividends shall accumulate, whether the shares of such series shall be limited in dividends, if any, or whether they shall or may participate in dividends over and above the dividend rate, if any, provided for the shares of such series, and whether any such dividends shall be payable in cash, in shares of such series, in shares of any other class or classes or of any other series of any class or classes of capital stock of the corporation, or in other property, or in more than one of the foregoing.

(iii) Whether the shares of such series shall be redeemable, the limitations and restrictions with respect to such redemption, the time or times when, the price or prices at which and the manner in which such shares shall be redeemable, including the manner of selecting shares of such series for redemption if less than all shares are to be redeemed.

(iv) The rights to which the holders of shares of such series shall be entitled, and the preferences, if any, over any other series (or of any other series over such series), upon the voluntary or involuntary liquidation, dissolution, distribution of assets or winding up of the corporation, which rights may vary depending on whatever such liquidation, dissolution, distribution or winding up is voluntary or involuntary; may vary at different dates; and may vary otherwise.

(v) Whether the shares of such series shall be subject to the operation of a purchase, retirement or sinking fund, and, if so, whether and upon what conditions such purchase, retirement or sinking fund shall be cumulative or noncumulative, the extent to which and the manner in which such fund shall be applied to the purchase or redemption of the shares of such series for retirement or to other corporate purposes and the terms and provisions relative to the operation thereof.

(vii) Subject to the provisions of paragraph (b) of this Section 3 as to voting rights, the voting powers, full and/or limited, if any, of the shares of such series; and whether and under what conditions the shares of such series (alone or together with the shares of one or more other series having similar provisions) shall be entitled to vote separately as a single class.

(viii) Whether the issuance of any additional shares of such series, or of any shares of any other series, shall be subject to restrictions as to issuance or as to the powers, preferences or rights of any such other series.

(ix) Any other preferences, privileges and powers, and relative, participating, optional or other special rights, and qualifications, limitations or restrictions of such series, as the board of directors may deem advisable and as shall not be inconsistent with the provisions of this certificate of incorporation.

(c) No dividends shall be paid or declared or set apart for payment on any particular series of preferred stock in respect of any period unless accumulated dividends shall be or shall have been paid, or declared and set apart for payment, pro rata on all shares of preferred stock at the time outstanding of each other series which ranks equally as to dividends with such particular series, so that the amount of dividends declared on such particular series shall bear the same ratio to the amount declared on each such other series as the dividend rate of such particular series shall bear to the dividend rate of such other series.

(d) Whenever any shares of preferred stock are redeemed or otherwise retired, other shares may be issued in lieu thereof by the board of directors as part of the series of which they were originally a part or as they may be reclassified into and reissued as a part of a new series, or as a part of any other series, all subject to the protective conditions or restrictions of any outstanding series of preferred stock and for such considerations as may be fixed by the board of directors.

4. No stock shall be issued until the consideration for such stock has been fully paid, and when so paid shall be issued as fully paid and nonassessable. All or any part of the consideration for stock of the corporation may be paid in by, or used for the purchase of, real, personal, or intangible property, labor or services, or any combination thereof, at a just valuation thereof as determined by the board of directors or executive committee of the corporation at any regular meeting or at any special meeting pursuant to due notice as provided in the bylaws of the corporation.

5. No holder of common stock of the corporation shall have any preemptive or preferential right of subscription to any shares of any class of stock of the corporation, whether now or hereafter authorized, nor to any securities convertible into stock or securities of the corporation, nor to any options or warrants to acquire such stock or securities issued or sold, nor any right of subscriptions to any thereof.

6. The corporation shall not be required to issue certificates representing any fraction or fractions of a share of stock of any class but may issue in lieu thereof one or more non-dividend bearing and non-voting scrip certificates in such form or forms as shall be approved by the board of directors or executive committee, each representing a fractional interest in respect of one share of stock. Such scrip certificates upon presentation together with similar scrip certificates representing in the aggregate an interest in respect of one or more full shares of stock shall entitle the holders thereof to receive one or more full shares of stock of the class and series, if any, specified in such scrip certificates. Such scrip certificates may contain such terms and conditions as shall be fixed by the board of directors or the executive committee, and may become void and of no effect after a period to be determined by the board of directors or executive committee and to be specified in such scrip certificates.

7. The corporation, by resolution or resolutions of its board of directors or executive committee, shall have power to create and issue, whether or not in connection with the issue and sale of any shares of stock or any other securities of the corporation, warrants, conversion privileges, rights or options entitling the holders thereof to purchase from the corporation any shares of its capital stock of any class or classes or any other securities of the corporation, or to convert any other securities of the corporation into common stock of the corporation, such warrants, conversion privileges, rights or options to be evidenced by or in such instrument or instruments as shall be approved by the board of directors or executive committee. The terms upon which, the time or times, which may be limited or unlimited in duration, at or within which, and the price or prices (not less than the minimum amount prescribed by law, if any) at which any such warrants, convertible securities, rights or options may be issued and any such shares or other securities may be purchased from the corporation, upon the exercise of any warrant, conversion privilege, right or option shall be such as shall be fixed and stated in the resolution or resolutions of the board of directors or executive committee providing for the creation and issue of such warrants, convertible securities, rights or options. The board of directors or executive committee is hereby authorized to create and issue any such warrants, convertible securities, rights or options, from time to time, for such consideration, and to such persons, firms or corporations, as the board of directors or executive committee may determine.

**ARTICLE V
CORPORATE EXISTENCE**

This corporation shall have perpetual existence.

**ARTICLE VI
DIRECTORS**

The number of directors of this corporation is seven, but may be changed, but not to less than three, by the affirmative vote of a majority of the whole board of directors at the time in office or by the affirmative vote of the holders of at least 75% of the shares of stock of this corporation entitled to vote thereon. Each director shall serve a term of one year. Any vacancy occurring in the board of directors may be filled by the affirmative vote of a majority of the remaining directors, though less than a quorum. Any director elected to fill a vacancy, including a vacancy resulting from an increase in the number of directors, shall hold office until the next annual meeting of shareholders. In no case, however, will a decrease in the number of directors shorten the term of any incumbent director. A director shall hold office until the next annual meeting and until his successor shall be elected and qualify. A director may only be removed for "cause", which shall be defined for these purposes as a conviction of a felony, declaration of unsound mind by a court order, adjudication of bankruptcy, non-acceptance of office or such director having been adjudged by a court of competent jurisdiction to be liable for negligence of misconduct in the performance of his duty to this corporation in a matter of substantial importance to this corporation and such adjudication is no longer subject to direct appeal. This Article may be amended or repealed only by the affirmative vote of the holders of at least 75% of the shares of stock of this corporation entitled to vote thereon.

**ARTICLE VII
OFFICERS**

The officers of the corporation shall be a president, one or more vice presidents, a secretary, and a treasurer, and such other officers, with such titles, as may be prescribed by the board of directors, all of whom shall be elected by the board of directors or executive committee and shall serve at the pleasure of the board of directors or executive committee and may be removed at any time with or without cause, by the board of directors or executive committee.

**ARTICLE VIII
INDEMNIFICATION**

1. The corporation shall indemnify and hold harmless each person, his heirs, executors and administrators, who has served at any time as a director or officer of the corporation or, at its request, of any other corporation, partnership, joint venture, trust, or other enterprise, from and against any and all claims and liabilities to which such person became subject by reason of his being or having been a director or officer of the corporation, or of any other such corporation, partnership, joint venture, trust or other enterprise, or by reason of any action alleged to have been taken or omitted by such person as such director or officer, such indemnification to be to the fullest extent permitted by applicable law.

2. The corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director or officer of another corporation, partnership, joint venture, trust, or other enterprise, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability.

3. The corporation, its directors, officers, employees and agent shall be fully protected in taking any action or making any payment under this Article VIII or refusing to do so, in reliance upon the advice of counsel.

4. If any part of this Article VIII shall be found in any proceeding to be invalid or ineffective, the remaining provisions shall not be affected.

ARTICLE IX SELF DEALING

No contract, act or other transaction between the corporation and any other person, firm or corporation in the absence of fraud, shall be invalidated, vitiated or in any way affected by the fact that any one or more of the directors of the corporation is or are (i) a party or parties to or interested in such contract, act or transaction or (ii) interested in or a director or officer or directors or officers of such other corporation. Any director or directors individually or jointly may in the absence of fraud, be a party or parties to or may be interested in any contract, act or transaction of this corporation or in which this corporation is interested. Each and every person who may become a director of this corporation is hereby relieved in the absence of fraud, from any obligation to account for profits and from all other liability which might otherwise arise by reason of contracting with the corporation for the benefit of himself or any other person or any firm, association or corporation in which he may be in any way interested or in which he may be an officer or director. The foregoing provisions shall be applicable notwithstanding that the director or directors referred to shall have voted for or shall have been necessary to authorize the contract, act or transaction in question, or that he or they shall have been present or necessary to constitute a quorum at the meeting which authorized such contract, act or transaction.

ARTICLE X CONTROL SHARE LAW NOT APPLICABLE

The provisions of Section 607.0902, Florida Statutes, shall not apply to control-share acquisitions of shares of this corporation.

This Article X may be amended or repealed only by the affirmative vote of the holders of at least a majority of the shares of stock of the corporation entitled to vote thereon; provided, however, if this Article X shall be adopted by at least two-thirds of the shares of stock of the corporation entitled to vote thereon, this Article X may be amended or repealed only by the affirmative vote of the holders of at least a two-thirds majority of the shares of stock of the corporation entitled to vote thereon.

ARTICLE XI
CERTAIN MATTERS RELATING TO SHAREHOLDER ACTIONS

1. Special Meeting of Shareholders. Pursuant to Section 607.0702, Florida Statutes, special meetings of the shareholders may be called by the board of directors or by the President. In addition, the Secretary shall call a meeting if the holders of 50% (but not a lesser number) of all the votes entitled to be cast on any issue proposed to be considered at the meeting sign, date, and deliver to the corporation's Secretary one or more written demands for the meeting describing the purpose or purposes for which it is to be held.

2. Acting by Shareholders Without A Meeting Prohibited. Pursuant to, and as permitted by, Section 607.0704, Florida Statutes, the shareholders of this corporation are prohibited from taking action without a meeting, without prior notice and without a vote.

3. Nominations of Directors. Only persons who are nominated in accordance with the following procedures shall be eligible for election by the shareholders as directors. Nominations of persons for election as directors of the corporation may be made at a meeting of shareholders at which directors are being elected (i) by or at the direction of the board of directors and/or by or at the direction of any committee or person authorized or appointed by the board of directors or (ii) by any shareholder of the corporation entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in this Section 3. Any nomination other than those governed by clause (i) of the preceding sentence shall be made pursuant to timely notice in writing to the Secretary of the corporation. To be timely, a shareholder's notice shall be delivered to or mailed and received at the principal executive offices of the corporation not less than 40 days prior to the meeting; provided, however, that in the event that less than 50 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. Such shareholder's notice to the Secretary shall set forth (x) as to each person whom the shareholder proposes to nominate for election as a director (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of any shares of the corporation or any subsidiary of the corporation which are beneficially owned by such person, and (iv) any other information relating to such person that is required to be disclosed in solicitations for proxies for election of directors pursuant to any then existing rule or regulation promulgated under the Securities Exchange Act of 1934, as amended; and (y) as to the shareholder giving the notice (i) the name and record address of such shareholder and (ii) the class and number of shares of the corporation which are beneficially owned by such shareholder. The corporation may require any proposed nominee to furnish such other information as may reasonably be required by the corporation to determine the eligibility of such proposed nominee as a director. No person shall be eligible for election as a director unless nominated as set forth herein.

The chairman of the meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the foregoing procedure, and if he should so determine, he shall so declare to the meeting and the defective nomination shall be disregarded.

Nothing contained herein shall prevent the board of directors from filling a vacancy including a vacancy resulting from an increase in the number of directors, as provided in Article VI.

This Article XI may be amended or repealed only by the affirmative vote of the holders of at least a majority of the shares of stock of the corporation entitled to vote thereon; provided, however, if this Article XI shall be adopted by at least two-thirds of the shares of stock of the corporation entitled to vote thereon, this Article XI may be amended or repealed only by the affirmative vote of the holders of at least a two-thirds majority of the shares of stock of the corporation entitled to vote thereon.
